2. I had been trying for several months from about July 2001 to the present date to get into contact with the Applicant in regard to this application and other applications. This had been unsuccessful. I also had difficulties having my past bills paid by the Applicant. On November 1, 2001, I sent a letter to Charles Berman of Oppenheimer, Wolff & Donnelly instructing them to incur no further costs on behalf of Applicant because he was unreachable and did not pay his bills. A copy is attached. Applicant was provided a copy of the letter.

3. I received a copy of an Office Action dated February 12, 2002 in the above application and have forwarded this to the Applicant at his last known address, namely 393 Darling Street, Balmain, NSW, 2041 Australia. I have related to Charles Berman at Oppenheimer, Wolff & Donnelly that I am no longer responsible for any further issues relating to this matter for the Applicant.

4. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that willful false statements or the like may jeopardize the validity of the application or any patent issuing thereon.
